### Recommended with the:

CD 120G - Pig Roaster is a gas-fired unit. A 30 lb. tank will do approximately 13 hours of cooking at a temperature of about 300-325 degrees.

BBQ42 is charcoal-fired. We recommend approximately 25-30 lbs. of charcoal to cook 40 lbs. of chicken for first rack. If you wish to continue to a second rack, add approximately 10-15 lbs. of charcoal. For other cuts of meats, grilling, smoking, etc. put your desired amount of charcoal.
